THANKSGIVING WISHES

As I write this, it's early October, and Halloween is still weeks away, a distant unknown; will it be a bust or a blast? Will the trick or treaters return to our neighborhood streets, or stay indoors, content with afternoon "trunk or treat" get-togethers in broad daylight? I'm certainly hoping for some night visitors… having prepared goody bags with comics and toys, Archie Comics digests, and more.

As this is November, and Thanksgiving is right around the corner (a few weeks anyway), I sometimes say "thanks" for the things in my life that I am most thankful for. Family, Friends, a great Job… it's all stuff I am eternally thankful for. I'm also thankful to you readers out there, who join us here in these pages every week, to see what's new, and unusual, in the world of geekdom. There's always something great to be found in any issue of ***PREVIEWS***, and this one is no exception.

D.I.Y. It's our *"D.I.Y."* month here at ***PREVIEWS***, and along with all of the great books about how to draw, write, and create comic books, we also have puzzles, coloring books, and model kits (we've got a LOT of those) that you can spend cold winter nights with. We're heading into those "indoor" months, so be sure to stock up on projects to keep you busy when the weather refuses to cooperate.

I want to wish you all a Happy Thanksgiving wherever you may be. Not so much the Thanksgiving of early American settlement days… but the simple idea of being thankful for the things you have in your life that make it all worthwhile. We all have them… be they people, pets, pursuits or pastimes. Make sure you tell the ones who matter what they mean to you. You will not be disappointed.

Until next month (and issue #399), be safe and well.

Your Pal @ ***PREVIEWS***,

Marty

Amazing Fantasy #15 CGC 9.6 Sells for $3.6 Million at Heritage; Sets World Record

Spider-Man's first appearance set a world record for most valuable comic in September 2021 when *Amazing Fantasy* #15 CGC 9.6 (the highest known grade) sold for $3.6 million in a Heritage auction. The sale topped the previous world record set by Superman's debut in *Action Comics* #1 CGC 8.5, which sold for $3.25 million in April 2021 in a private sale brokered by ComicConnect. Prior to this sale, the highest price paid for a copy of Spider-Man/Peter Parker's first appearance was a CGC 9.6 that realized $1.1 million in 2011.

In that same auction, a CGC-certified 9.6 copy of *The Overstreet Comic Book Price Guide* #1 with white pages sold for $45,600. This is more than five times the previously reported highest sale price for *CBPG* #1.

Elvis Presley Signed Contract Sees $114K at Pristine Auctions

The 1957 contract signed by Elvis Presley and both of his parents for the purchase of the home in Memphis that became known as Graceland soared to $114,660 in an online auction held in August 2021, by PristineAuction.com.

The contract was the actual purchase agreement allowing the Presleys to purchase the property at 3764 Highway 51 in Memphis. It was printed on Virginia Grant Realty Company letterhead and included Virginia Grant's handwritten agreement, stating the Presleys would trade their property on Audubon Drive in Memphis for $55,000 credit, plus an extra $90,000 to purchase Graceland.

Mothergod: Science, Murder, Reality Warping

Mothergod was an important figure in Valiant Comics' original continuity who was part of a major, company-wide crossover. She was originally physicist Erica Pierce who was caught in a near-explosion that gave her power to manipulate energy and matter, and warp reality.

Sent forward through time, she set about to create a new timeline, which became the *Unity* event. Valiant heroes gathered together and were able to stop her, sending Mothergod through a wormhole of non-existence where she could no longer change the timeline.

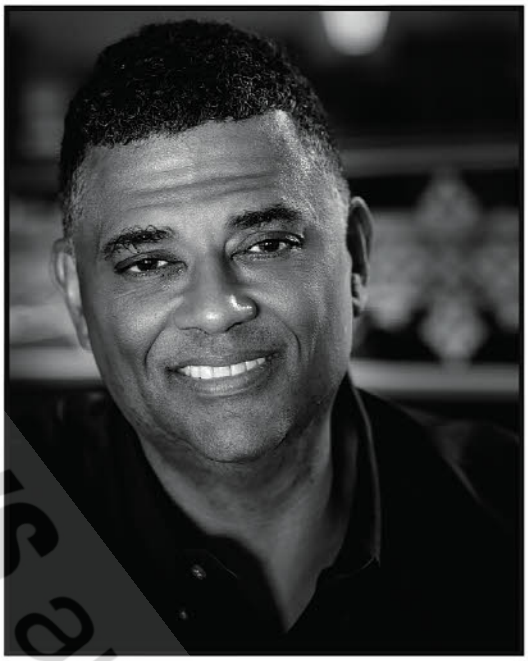
Please tell us a bit about yourself!



Rodney Barnes is the award-winning writer/producer of HBO's *Showtime*, Hulu's *Wu-Tang: An American Saga*, Marvel's *Runaways*, Starz's *American Gods*, and a host of other television programs and films. He has also authored graphic novels for Lion Forge's *Quincredible* and *Star Wars—Lando: Double or Nothing*, as well as *Falcon* for Marvel Comics. He is the co-creator and writer of the ongoing hit series *KILLADELPHIA* for Image Comics.

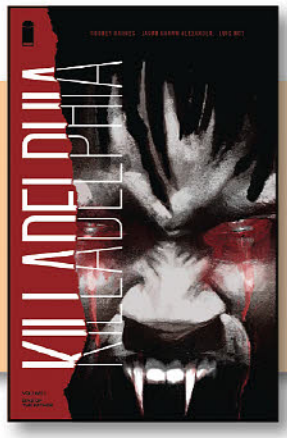
What are your favorite projects you've contributed to over the past decade?

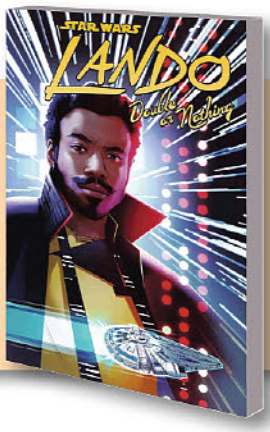
From my personal work I'd choose *Killadelphia* (*Vol. 1: Sins of the Father TP* / APR200150) from Image comics and *Quincredible* (*Vol. 1: Quest to Be Best* / MAR191875) from Lion Forge/Oni-Press. I believe both display aspects of growth in my ability to tell a story and have the art — Jason Shawn Alexander on *Killadelphia* and Selina Espiritu on *Quincredible*, is stellar on both.

What are you currently working on?

In comics I have *Killadelphia* and two more soon-to-be-announced series coming up from Image Comics. I'm creating my own comics imprint and plan to publish three trades towards the end of next year (all horror/supernatural) highlighted by "*Blacula*" a childhood favorite of mine. I'm also writing two series for Dynamite Comics and two for Marvel Comics.

In Television I'm writing and producing an untitled series centering on the Los Angeles Lakers Showtime era for HBO and a monster movie at New Regency to be directed by Jordan Vogt Roberts (*Kong: Skull Island*). As well as a mini-series focused on the life and career of golfer Tiger Woods, and the television adaptation of *Killadelphia*.





What fun titles are you reading?

Oh, there are a lot! I love the current crop of indie horror titles; *Ice Cream Man* (*Vol. 1: Rainbow Sprinkles* / APR180546), *Department of Truth* (*Vol. 1* / DEC200103) and *Something is Killing the Children* (*Vol. 1* / MAR201361) all stand out due to their layering and intense story telling. I also really enjoy *Bitter Root* (*Vol. 1: Family Business TP* / MAR190071) for similar reasons. Besides the ones I've mentioned there's; *Excellence, DCeased, Thor, King in Black, Justice League Dark*, most *Batman* books, and sooo many others!

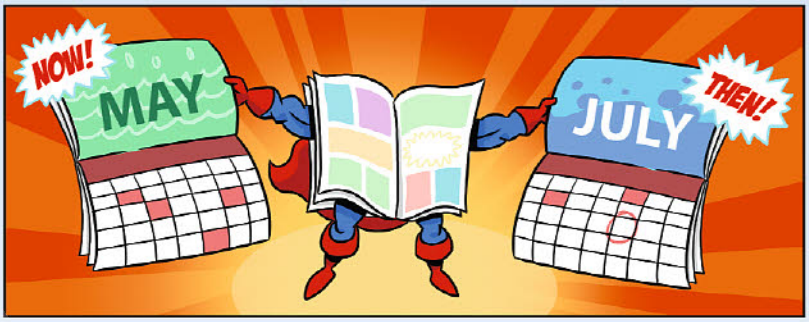
USER'S GUIDE

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

STAPLES AND VAUGHAN'S *SAGA* RETURNS FROM IMAGE COMICS IN 2022

After a three year break, Fiona Staples and Brian K. Vaughan's multiple award-winning science-fiction series *Saga* returns to comic shops in January with Image Comics' long-awaited *Saga* #55!

The worlds of Landfall and Wreath have long been at war, and in the midst of the conflict, a Landfallian, Alana, and a Wreather, Marko, fell in love when Marko was captured and Alana was his captor. Their love and their conception of a child put their lives in danger, and *Saga* #54 ended with the brutal death of Marko at the hands of the bounty hunter sent to kill him, The Will. The story continues with a new story arc and the beginning of the series' second half in a double-sized issue, still priced at $2.99.

To bring new readers up to speed on the acclaimed science-fiction series, Image reoffers the complete *Saga* backlist this month as well.

DEBUT GRAPHIC NOVEL BY ACCLAIMED CARTOON NETWORK ANIMATOR NORM KONYU

"Norm Konyu's THE JUNCTION is probably my favorite graphic novel. Gorgeous in every way"

- Jordan Roberts (Writer of Big Hero 6)

When a missing child, Lucas Jones, reappears in Medford after an absence of 12 years, questions are raised. Where has he been? And how is it possible that Lucas is still 11 years old?

We caught up with **NORM KONYU** the writer and artist of this awesome new graphic novel!

NORM KONYU

Hey Norm, super great to meet you! Tell us a bit about yourself, how did you get into the business of comic creation?

Hey there. I'm Norm a Canadian animator, now in the UK! As a teen, I made plenty of comics; things like movie parodies and alternative school yearbooks, but as I began working in animation, it was set aside. It wasn't until recently that I began playing with the medium again!

What's your favourite comic series and why?

I still love some of my childhood favourites, rediscovered decades later, especially anything from Jack Kirby, series like The Eternals for Marvel or Kamandi:The Last Boy on Earth for DC. It's the utter strangeness of these works that really appeals to me.

What was the inspiration behind "The Junction"?

That's hard to say. Some of the individual sections were formed from dreams that I'd had, including walking in an autumnal forest which wouldn't allow me to leave. As for real world inspiration, my childhood home featured a capped well in the front yard like Lucas's home and the town I went to school in was the starting point for the town of Kirby Junction itself!

You are both the writer and the artist of this new story, which part was most fun to work on and why?

I enjoy the visual side of the process more, though I can get frustrated with that as well! I'm an impatient writer, doing the bare minimum, returning to the art. For The Junction, there was a whole lead-up process to the artwork, in finding a style for it. As an animator, I'd spent so long working with other people's designs, I'd lost what my own individual style looked like!

The story is told through interview, medical and police reports. Why did you decide to do it in this way, instead of a more traditional comic format?

The format came about through telling the tale as succinctly as possible. It delivered certain points within an easily digestable page, rather than finding a way to deliver that same information in much longer setups with loads of dialogue. Interviews allowed me to introduce new passages of the story as we go back and forth in time, acting as a buffer so the reader doesn't miss the change in the timeline.

Tell us more about the mysterious main character Lucas Jones. What makes him so special other than the obvious lack of aging?

I'll have to tread carefully here. Saying too much about Lucas might give away the mystery! Suffice it to say, he's completely lost in all meanings of the word. Not only has he not aged, the world around him has moved on 12 years. Everything he has previously known has changed or has gone. I'll stop right there. Any more would be telling!

On a seemingly normal August day in Boulder, Colorado, the skies are clear, and Honeysuckle Speck couldn't be happier. She's finally moving in with her girlfriend Yolanda. But their world is literally torn apart when dark clouds roll in and release a downpour of nails—splinters of bright crystal that shred the skin of anyone not safely under cover. **RAIN** makes vivid this escalating apocalyptic event, as the deluge of nails spreads across the country and around the world, threatening everything young lovers Honeysuckle and Yolanda hold dear.

So begins a gripping 5-issue presentation of ***New York Times*** bestselling author **JOE HILL**'s acclaimed novella, adapted by rising stars **DAVID M. BOOHER** (***Canto***), **ZOE THOROGOOD** (***The Impending Blindness of Billie Scott***), and **CHRIS O'HALLORAN** (**HAHA**).

They put the SASS in ASSASSIN!

Meet Max & Alex. Reformed intergalactic assassins-for-hire. On the run. Also super gay. Thewir former boss—a fluffy monkey with a jetpack—is hot on their tail to take back his stolen ship. They gotta eat (tacos preferably), so they take a mission from Alex's old flame. Your standard no-kill, casualty-free kidnapping recovery from a nearby moon. Only complication? Half the moon is ruled by a fascist dictator hostile to foreigners. They're the Killer Queens, so what could possibly go wrong?

Pretty much everything.

CERTIFIED COOL

Discover the astonishing first prose novel from the legendary author of *Watchmen* and *From Hell*—an epic yet intimate portrait of one English town across the whole span of human history.

The precursor to *Jerusalem.*

In a story full of lust, madness, and ecstasy, we meet twelve distinctive characters that lived in the same region of central England over the span of six thousand years. Their narratives are woven together in patterns of recurring events, strange traditions, and uncanny visions. First, a cave-boy loses his mother, falls in love, and learns a deadly lesson. He is followed by an extraordinary cast of characters: a murderess who impersonates her victim; a fisherman who believes he has become a different species; a Roman emissary who realizes the bitter truth about the Empire, a crippled nun who is healed miraculously by a disturbing apparition; an old crusader whose faith is destroyed by witnessing the ultimate relic, two witches, lovers, who burn at the stake. Each interconnected tale traces a path in a journey of the discovery of the secrets of the land.

Throughout, the image of the fire resonates between the tales, while Moore finds a different voice for each character—though most are inherently duplicitous in some manner, leading to a further commentary on the disparity between myth and reality, a debate that is more likely to endure over time.

"Alan takes genuine risks and justifies them: you feel, all the way, the rush of discovery; authorial privilege endangered by the savage voices he allows into his head."
—Iain Sinclair

CHRISTOPHER HASTINGS BRINGS READERS TO THE DEPTHSON WHY HELL SONJA IS GOING TO ROCK!

Hell yeah! Sonjaversal was a wild series and featured several exciting alternate versions of the She-Devil With a Sword. What made Hell Sonja the leading candidate to first get her own series?

Of all the Red Sonja alternates in Sonjaversal, Hell Sonja simply grabbed the most attention and excitement from our readers. After the great battle of countless Sonjas in Hell, we turned our focus to what her machinations might be after the death of the Godhead that granted the Sonjas their boons and oaths. That lead to the second arc of Sonjaversal, where we saw Hell Sonja using the Sonjas of other dimensions as soul collectors to restore a crumbling Hell.

We take that premise even further with the HELL SONJA series, seeing the demon queen take leadership of a multiversal bounty hunting operation. She drops Sonja teams into new universes to collect the worst villains across space and time to feed to Hell's churning maw.

However, we hear a couple other Sonjas return? Can you break down the cast for us?

RED SONJA: The classic barbarian of Hyrkania.
BLUE SONJA: The furious mercenary of 1980s USA.
MOON SONJA: The wise android avatar of an intelligent star system from the future.
GOLD SONJA: A scam artist and getaway driver/pilot who refuses to tell what universe she's on the run from.

Despite its connection to Sonjaversal, fans will be able to jump right into this series without that, right?

Of course! Everything you need to know about HELL SONJA is right there in the pages of HELL SONJA. If a new reader finds themself enjoying it, and wants to dive deeper into the lore, SONJAVERSAL is right there, but it's by no means mandatory.

As is hinted at in the title, this series is going to be touching on the mythologies of heaven and hell. How fun is it digging into that territory?

HELL SONJA is meant to be episodic, with a new world and villain in each issue, but over the course of the series, there is a slowly simmering backstory of the strange mechanics, myths, and connections of a multiverse of afterlives. Hell Sonja was not the first person to rule Hell, and by taking its throne, she tempts older, greater powers that walk the cosmos.

The squad is returning from Sonjaversal, including artist Pasquale Qualano. How is that chemistry and creative continuity going to lend itself to this series?

Spending the past year developing a collaboration with Pasquale has been deeply satisfying. With Hell Sonja, I'm just trying to give him more room on the page to show off what he does best and providing prompts for crazy new locations and insane genre-mashed bad guys from across new universes of sci-fi and fantasy.

Beyond the returning roster, can fans expect to meet even more exciting multiversal Sonjas and other enticing characters?

A ghost ship spreads insanity across the remains of a long-flooded Earth. A cyber-druid tries to hack his way into Heaven. The Sonjas chase down a medieval warlord who wields the corpse of a wizard like a spell gun. I don't want to give away anymore, but I hope I've convinced readers that this book will be metal as HELL.

PANTHA CLAWS INTO HER OWN SERIES WRITERS TOM SNIEGOSKI & JEANNINE ACHESON SHARE THE DEETS

What drew you two to telling a new tale for Pantha? What it is about the character that makes her compelling as writers?

Tom: Nick Barrucci, Dynamite's President, mentioned in passing to me one day that they were considering doing a new Pantha book, and my gears started turning. When I saw what Christopher Priest was doing with her in Sacred Six, I realized that the opportunity to do some serious horror type stories was there.

Jeannine: I think what drew me to Pantha was that it felt like her story was wide open for the telling -- even though there have been multiple stories about her, it seems like we still don't know all that much about her and getting to explore and develop a cool character like Pantha is really exciting.

This tale is delving into mythology and gods, especially from Egyptian traditions of course. How fun has it been researching and playing with that?

Jeannine: Ancient Egypt is my jam! I traveled there many years ago, and since then, I've been completely obsessed with all things Egyptian. Doing research and manipulating the mythology to fit our story has been some of the best fun I've had in months! I'm hopeful that the readers will enjoy our bizarre take on the Egyptian and other gods we've come up with.

Tom: Playing with various mythologies has always been something I've liked. I did it in my original Vengeance of Vampirella run, as well as in many of my novels. Getting to reinterpret the Egyptian deities was a first for me, and it was quite cool.

Tom, you are one of the most prolific creators in the Vampirella mythos, going back nearly 30 years. However, we believe you surprisingly haven't written Pantha that much. What's it like finally digging your claws into this side of the universe?

Tom: The first time I wrote Pantha was many years ago in an issue of the Vampirella: Death & Destruction mini-series. It was a completely different take on the character, way more science fiction, so getting to write this more horrific version of her is much more to my liking.

You're working with artist Igor Lima, who's worked on such diverse projects as Green Lantern and Mighty Mouse. How has the collaboration been so far and seeing his art bring your scripts to the page?

Tom: When our editor, Matt Idelson, showed us Igor's samples we knew we wanted to work with him. There was an awesome, action-packed realism to his style that fits with our story so well.

Jeannine: We love working with Igor! We've seen a few early pages of the first issue, and he is definitely the artist for the job. He brings a fierce style to the character, both in her human and animal form, that we think is perfect for this iteration of Pantha.

Are there any plans to connect this series, subtlely or otherwise, to other pieces in your bibliography like Vengeance of Vampirella and Vampiverse?

Tom & Jeannine: That's a great question . . . and we do love a challenge! So, the answer to this question is a resounding YES! We are pretty confident that we could do some kind of cool cross-over with Vampirella and/or characters from Vampiverse, if given the chance. Oh, gee, the gears are turning already.

RED SONJA 45TH ANNIVERSARY FRANK THORNE STATUE BLACK & WHITE "BERZERKER" ARTIST PROOF

12.5"h x 3.75"w | $325.00 | Teen+ | 1/5

artists: Frank Thorne (art), Steve Kiwus (sculptor)

Few artists can capture Red Sonja's strength and power like Frank Thorne! For decades, Thorne rendered some of her most iconic comic covers and Dynamite welcomes the 45th anniversary of Red Sonja with this deluxe, commemorative statue based on Thorne's striking cover for 1976's Red Sonja #4. Standing over a foot tall, Red Sonja is at the ready, with a weapon in each hand and a stylized shield base under her feet. With those almond eyes and powerful pose, there's no mistaking Thorne's artistic influence on Dynamite's 3D homage to Frank's legend. The "Black & White Berzerker" edition variant features war-ravaged paint details and these pre-production "proofs" are strictly limited to just 49 units.

Nyx once killed Vampirella. More recently, they were tenuous allies. When their paths cross again, will it be as friends, enemies, somewhere in between, or all the above? How does Vampirella fit into Nyx's quest to learn how to live among humanity without harming them, when it's something Vampirella herself has never quite mastered? It could all become moot when old-school Vampirella foes the Cult of Chaos return seeking vengeance, both on Vampi and the disloyal daughter of Chaos who has rejected their mad god. (That's Nyx, FYI.) One thing's for sure - fangs, fists, and flame will fly!

"Over the past several years, March has built up an impressive catalogue of work as an artist on some of DC's biggest icons"—CBR.COM

Before *Batman,* the hit *Joker* series, and *Karmen*, there was the heartfelt story of *Laura*, the book that led Guillem March to the mainstream comics world!

The story of *Irene* explores the nature of inspiration and creating art outside of one's comfort zone, thanks to some advice from a role model and a cameo by Guillem himself. In *Muse*, an artist's search for a model puts how a young woman is perceived by her male roommates into perspective.

The future. The very concept of truth has died. Politicians invent their own facts, and independent newspapers no longer exist. In this world, private detectives serve as ronin, searching out the hard truths that people are desperate to keep hidden.

The best of these is Satya, known as Lady Dick, a former journalist turned gumshoe who runs every lead to ground. But Satya has just received her hardest case yet: her old editor has been murdered. Someone wanted him silenced, and the trail points toward the highest bastions of power. To find justice for her friend, she'll have to put everything – and everyone – she knows at risk.

A prophetic neo-noir thriller with unexpected twists at every turn, BYLINES IN BLOOD is co-created by Ringo Award-nominated writer Erica Schultz (*M3*, *Forgotten Home*, *Strange Tails*) and comic writer and former newspaper crime reporter Van Jensen (*Two Dead*, *Cryptocracy*, *Superman: Man of Tomorrow*), aided and abetted by Spanish art sensation Aneke (*DC Comics Bombshells*, *Legenderry: Red Sonja*).

One of the greats in the field of true-crime literature, Harold Schechter, teams with five-time Eisner Award-winning graphic novelist Eric Powell to bring you the tale of one of the most notoriously deranged murderers in American history, Ed Gein. This is an in-depth exploration of the Gein family and what led to the creation of the necrophile who haunted the dreams of 1950s America and inspired such films as *Psycho*, *The Texas Chainsaw Massacre*, and *The Silence of the Lambs*. Schechter and Powell's true-crime graphic novel takes the Gein story out of the realms of exploitation and gives the reader a fact-based dramatization of these tragic, heart-breaking and psychotic events. ALAN MOORE'S WRITING FOR COMICS

Writer: Alan Moore •B&W, 48pp - GN $5.95
Artist: Jacen Burrows Cover: Juan Jose Ryp

PRODUCT DESCRIPTION: The master of comic book writing shares his thoughts on how to craft a perfect tale and deliver a top notch script! The main essay was originally written in 1985 and appeared in an obscure British fanzine, right as Moore was reshaping the landscape of modern comics, and had been tragically lost ever since. Now Avatar brings it back in print, collected for the first time as one graphic novel, and heavily illustrated by Jacen Burrows. Alan Moore also provides a brand new essay on how his thoughts on writing have changed in the two decades since he first wrote it. For fans of Moore's work, new writers, or anyone who wants a peak behind the mental curtain of one of the greatest living writers, this is a can't miss book! (O/A)

CENTRALA

FAT PRINCESS PETRONIA HC

(W/A) Katharina Greve
The whole universe worships the Little Prince, who sees everything "with his heart" — but no one pays any attention to his cousin, Fat Princess Petronia. In contrast to the angelic blond boy, she's sullen and completely unsentimental. She just doesn't fit the princess cliché at all: She hates pink frills and loves maths. Naturally, the Little Prince has a huge planet while Petronia is stuck on probably the tiniest and most boring planet in the whole wide universe. With the help of multi-purpose worm Mirco, she tries to pep up her dismal life by traveling the cosmos by wormhole or by attempting to meet David Bowie — usually without success. Petronia's absurd and funny adventures draw on the themes of *The Little Prince*, fairy tales, science fiction and the classics like Faust. The imagery is also packed full of allusions: Sometimes the art looks like advertising, sometimes like a board game or even like a modeling sheet. (STL210814) (C: 0-1-0)

She tells the story about the village girl Marte who has moved to Oslo to study and work at a library. When her father dies, Marte has to go home again and, among other things, try to work out her relationship with the strictly religious mother. With persistent idealism, she strives to make the right choices, but throughout history gets new insights into what is important in life. (STL210815) (C: 0-1-0)

BILLIONAIRES: THE LIVES OF RICH AND POWERFUL GN

(W/A) Darryl Cunningham

Darryl Cunningham offers an illuminating analysis of the origins and ideological evolutions of four key players in the American private sector: Amazon founder and CEO Jeff Bezos, media mogul Rupert Murdoch, and oil and gas tycoons Charles and David Koch. What emerges in these informative and hilarious biographies, is a vital critique of American capitalism and the power these individuals have to assert a corrupting influence on policy-making, political campaigns, and society writ large. O/A I WANT YOU GN

(W/A/CA) Lisa Hanawalt

Cartoonist Lisa Hanawalt became a comic book industry sensation with her Ignatz Award-winning mini-comic series *I Want You*. Hanawalt's outlandish humor and ingenious formalism are evident in the comics collected here. Her love of anthropomorphism and scatology are on full display, all lovingly and grotesquely drawn by Hanawalt in obsessive, unnerving detail. A master humorist and cartoonist, Hanawalt strikes the perfect balance of drawing the gorgeous and the repugnant, the fantastical and the lifelike, the bizarre and the hilarious-creating a deeply human experience that everyone can relate to. Becoming Horses is a book about squinting hard and looking from the right angle to find that everything around you sparkles — just a little — and the shapes of things are not firm but fuzzy. A mix of delicate cartooning and brash collage, both watercolor and photography, Disa Wallander's flowing drawings are experimental yet accessible, as her characters mull big questions about life and art, philosophizing in a thoroughly modern voice. WOMAN REBEL: THE MARGARET SANGER STORY HC

(W/A/CA) Peter Bagge

Peter Bagge's *Woman Rebel: The Margaret Sanger Story* is a dazzling and accessible biography of the social and political maverick. Bagge presents the life of the birth-control activist, educator, nurse, mother, and protofeminist from her birth in the late 19th-century to her death after the invention of the birth control pill. Balancing humor and respect, Bagge makes Sanger whole and human, showing how her flaws fueled her fiery activism just as much as her compassionate nature did. Bagge creates a fast-paced portrait of a trailblazer whose legacy as the founder of Planned Parenthood is still incredibly relevant, important, and inspiring. (STK620838)

With a wide array of striking visual styles, artist-writer-director David Mack blends traditional comics and fine art sensibilities to great effect. While in college, he launched his creator-owned series *Kabuki* at Caliber Press in 1994 before eventually moving it to Image, Marvel's Icon imprint, and eventually Dark Horse. At Marvel Comics, where he created Echo during his run as writer-artist on *Daredevil*, he provided interior or cover art for *Alias*, *Dream Logic*, *Jessica Jones*, *Ms. Marvel*, *New Avengers*, and *Reflections*. His comic art has also been featured in *Grendel: Black, White & Red* and on covers for *Buffy The Vampire Slayer: Willow*, and Neil Gaiman's *American Gods* and *Norse Mythology* at Dark Horse, and DC's *Swamp Thing* and *Justice League of America*. The Harvey-, Eisner-, and Eagle Award-nominated Mack created artwork for the opening titles of the *Jessica Jones* Netflix TV series and the title sequence for *Captain America: The Winter Soldier*. He has been named to direct the animated feature *Cover*, which is adapted from the comic he co-created with Brian Michael Bendis.

NEVER, NEVER TP
(W) Marc McCann
(A) Phil Buckenham
Winter is seduced by the boy-sprite, Petros, off to the Never, Never. A place where children never grow up and adults are the enemy. What would such a place look like? Where resources are scarce. Time passes, but age is obsolete. War with adults, starved and insane from constant battle, is the norm. What would ageless boys free of civility and role-models be willing to do to survive. To live Forever. A young girl will face her greatest test; an island full of immortal cannibals with a dark secret that sustains its existence, in the most unnatural and awful of ways. Imprisoned in the infamous Tuol Sleng prison, better known as S-21, painting became synonymous with survival for him. Ordered, likemany Cambodian artists and craftsmen, to put his talent to use to glorify his captors, upon his release he continued painting—this time, to remember and pay tribute to the victims of Pol Pot's evil regime.

BORDERS GN

(W) Thomas King
(A) Natasha Donovan

From two celebrated Indigenous creators comes a powerful graphic novel about a family caught between nations. *Borders* is a masterfully told story of a boy and his mother whose road trip from Alberta to Salt Lake City is thwarted at the border when they identify their citizenship as Blackfoot. Refusing to identify as either American or Canadian first bars their entry into the US, and then their return into Canada. In the limbo between countries, they find power in their connection to their identity and to each other. (STL210344) (C: 1-1-0) **NOTE:** Available only in US, Canada, and US territories.

And no one held more high scores than Travis Better and Journey West. But one day, the video games in Arcade World came alive. Now, there's a whole new normal in town — as Normal becomes a dangerous Arcade World. Join Travis and Journey as they race dinosaurs to school, survive bottomless pit falls, and battle aliens to level up and solve mysteries like what's going on! (STL210663) (C: 0-1-0)

But when the *Zombie Invaders* video game comes to life and the notebook gets destroyed, Journey and Travis are really put to the test. DJANGO, HAND ON FIRE: THE GREAT DJANGO REINHARDT HC
(W) Salva Rubio (A) Efa
Django Reinhardt is a legend. But Django — which may have meant "I awake" — was twice born. A first time in the snow, during the winter of 1910 in a nomadic gypsy family stationed in Liberchies, Belgium. The second in Saint-Ouen, near Paris, in the fall of 1928, when a fire in his caravan mutilated his left hand. This biopic devoted to the youth of the prodigy musician features the passion and determination of the man who has always considered himself the greatest guitarist in the world. In this story-score, by laying out the panels like chords, the artist brings to life his passion in vibrating watercolor to better accompany the musical and technical development of the inventor of gypsy jazz. From musette to jazz, from violin to banjo then to guitar, Django's destiny is that of his "hand on fire," possessed by the supernatural spirit of the "duende" which burns in the soul of each gypsy musician. MONET: ITINERANT OF LIGHT HC
(W) Salva Rubio (A/CA) Efa
The life of the great French painter, one of the founders of Impressionism, is narrated in lush comic art reminiscent of his style. From the Salon des Refuses ("Salon of the Rejected") and many struggling years without recognition, money and yet a family to raise, all the way to great success, critically and financially, Monet pursued insistently one vision: catching the light in painting, refusing to compromise on this ethereal pursuit. It cost him dearly but he was a beacon for his contemporaries. We discover in this comics biography how he came to this vision as well as his turbulent life pursuing it. (STL058694)

"*Chef's Kiss* is the kind of book I would have absolutely snatched up when I was younger, especially those college years when I was consuming as much BL manga as I could get my hands on. I wanted to tell a story that was reflective of the experience of transitioning from college student to "real" adult; figuring out your priorities, what happiness looks like to you, and how you measure success. And I want readers to see that it's okay to choose happiness over what they feel like they're "supposed" to do, whether that pressure comes from family, friends, society, or even themselves. It's never too late to choose a different path for yourself!

I am absolutely thrilled and delighted to have Danica as my co-creator on this book. She gave all of these beautiful characters so much life and personality, and Watson may be the cutest pig in all of comics (don't @ me)!"

—JARRETT MELENDEZ

"Being a young adult isn't easy! You did the college thing, you're dealing with job-search pressure, dealing with parental pressure, dealing with just plain life pressure, ARRRGG!

Life as an adult involves choices en masse, what to do as a career being one of them. I hope every young adult reader out there who picks up *Chef's Kiss* can find and follow their passion like Jarrett and I did.

Who Should Read This?

Anyone! This is an extremely basic introduction to asexuality for asexual people, folks questioning whether they might be ace, and anyone hoping to understand more about asexuality from two rad aces (which would be us, hi again!).

Content Warning!

Some things we (briefly) cover might be triggering or upsetting. Unfortunately, our society is imperfect, and our lives reflect this. We'll discuss harmful stereotypes and tropes that run rampant in pop culture and society at large. There will be mentions of sexual violence, medical discrimination, depression, rejection and invalidation, and general internet nastiness. Nothing will be graphically depicted or discussed to a graphic degree, but please proceed with caution.

What We're Covering:

This book will cover what asexuality is, how it affects different aspects of a person's life, and how it is viewed by culture and society. We'll also discuss common misconceptions, dating and sex, representation—or the lack thereof—and our own personal thoughts and experiences with all of this.

What We're NOT Covering:

This is a quick and easy guide, so we focused on the topics above. If you are looking for specific sexual instruction, relationship advice, or deeper analysis of the "Split Attraction Model," we have listed resources in the back of the book that might help! Ultimately, this is a positive exploration of a sexuality that isn't widely understood by society—because everyone deserves to be accepted and respected. We hope that you learn something from this and maybe even do some of your own exploring after you read! Either way, we're glad you're with us.

Asexuality is often called the "invisible orientation." You don't learn about it in school, and you don't hear "ace" on television. So it's kinda hard to be ace in a society so steeped in sex that no one knows you exist. Too many young people grow up believing that their lack of sexual desire means they are broken, so writer Molly Muldoon and cartoonist Will Hernandez—both in the ace community—are here to shed light on society's misconceptions of asexuality and what being ace is really like. This book is for anyone who wants to learn about asexuality, and for ace people themselves to validate their experiences.

(W/A/CA) Art Spiegelman
The Pulitzer Prize-winning *Maus* tells the story of Vladek Spiegelman, a Jewish survivor of Hitler's Europe, and his son, a cartoonist coming to terms with his father's story. *Maus* approaches the unspeakable through the diminutive. Its form, the cartoon (the Nazis are cats, the Jews mice), shocks us out of any lingering sense of familiarity and succeeds in "drawing us closer to the bleak heart of the Holocaust" (*The New York Times*). ASTERIX OMNIBUS VOLUME 6 GN
(W) Rene Goscinny (A) Albert Uderzo
These three classic graphic novels are newly translated especially for an American audience. We find "Asterix in Switzerland" as the indomitable Gaulish warrior yodels in the Alps, has plenty of holey cheese, and stumbles upon Helvetica. Then, the villagers are tempted with "The Mansion of the Gods" with all the modern luxuries of Rome when a new housing development threatens to urbanize (and Romanize) their humble tribe. Finally, it is a true Roman circus as Obelix and Asterix head to Rome to get a key ingredient to the Chieftain's soup, Caesar's Laurel Wreath. What will become of "Asterix and the Laurel Wreath" and will Rome ever be the same? Available in softcover and hardcover editions. (STL210875) (C: 1-1-0)

"MOVING AND DARK IN ALL THE RIGHT WAYS." - CBR

CREATOR FOCUS: GEORGE MICHAIL AND CHRIS CAM

The twisted brain child of George Michail and Chris Cam, these Canadian cousins cooked up their dark fantasy epic, Cover of Darkness, around the kitchen table. Then they plotted the story using poster boards and post-it notes, on a family camping trip. Once the writers had crafted their tale, featuring reimagined, classic horror characters, they enlisted the talents of the master of macabre, MJ Hiblen, to realize the terrifying world of Cover of Darkness.

THE MAGIC MIRROR OF M.C. ESCHER HC

(A/CA) M. c. Escher

Long before the first computer-generated 3-D images, Escher was a master of the third dimension; his lithograph *Magic Mirror* dates back to 1946. By taking such a title for the book, mathematician Bruno Ernst stressed the enrapturing spell Escher's work invariably casts on those who see it. Escher's work refuses to be pigeonholed. Scientific, psychological, or aesthetic criteria alone cannot do it justice. The questions remain: Why did he create the pictures? How did he construct them? What preliminary studies were necessary before achieving the final version? And how are his various creations interrelated? This updated and redesigned edition of a true classic offers answers to these and many other lingering mysteries, and is an authentic source text of the first order. (STL210829) (C: 0-1-0)

Fifty professional storybook artists from around the globe take inspiration from folklore and fairytales, myths and legends, and modern books and novels. Many of these artists create their own narratives, exploring their storytelling skills through an extraordinary talent for transforming words into compelling visual concepts. Each artist not only shares several pages of their original art, but also the story behind it — the narrative of the art itself, and their fascinating account of the artistic process. BOMBA! GN
(W/A) Osamu Tezuka
Tetsu is a seemingly normal student, whose passionate love for his teacher turns violent in the most unexpected of ways when another suitor attempts to stand between them. Haunted by his family's past, he must learn to navigate his desire and quell his rage if he hopes to find peace and solace in his relationships with others. Osamu Tezuka's masterful artwork and irrepressibly creative page layouts reach a feverish peak in depicting the manifestation of the tortured youth's explosive angst. From Funko. You can combine two or more *Something-Wild* games to have more figures and powers to play! In the combination of games, there is a power stack per figure, but all the toy figure cards are mixed together into one sheet. If you play a card that corresponds to a force, you only take this figure. The card corresponds to several powers (several power cards may have the same colour), you can choose a figure. If you play a card with the symbol "take a figure", you can take any figure used in the game. You may only use a force if you have the corresponding figure - i.e. the figure shown on the power card - but there is no limit on how many characters you can have at once. When you score, you choose any power card from the centre and then cover the top card as a replacement. You may only use a force if you have the corresponding figure.
